

1. Open a microsoft word document: your assignment: *to find photos and describe people in Spanish*
2. Use words you learned for nouns and adjectives to **answer the questions Quien es?** WHO IS It (in the photo)? **and Como es?** WHAT ARE THEY LIKE (how are they? - describe them)
3. Look at the rubric (scroll down to very bottom) for requirements: You will find and write about **2 photos that represent feminina y singular** \and write in Spanish who they are (use noun) and how they are (describe using adjectives) and how they are NOT (description), then You will do the same for **2 masculino y singular fotos, 2 feminina y plural fotos, and 2 masculino y plural fotos.**

**** In total, you will have 8 different photos, USE AT LEAST 8 DIFFERENT NOUNS TO DESCRIBE WHO THEY ARE, and use 16 different adjectives to describe how they are, and how they are not.**

4. When you are done, print and have another student look at what you wrote in Spanish --- make corrections if necessary, and print a final, good copy and hand in. **Try to print only one-two pages, adjust margins and/or make colomns.**

EXAMPLES of what you are to do:

So how the heck do you do this in Spanish???? Look at the following examples

****here is an example of 1 foto and writing in Spanish for : feminina y singular:

(REESE WITHERSPOON)

Reese es una mujer. La mujer es rubia, no es morena. (= Reese is a woman. The woman is blonde, she is not brunette.)

(this answers the question who is it? It is a woman. then it answers the question What is she like and what isn't she like? The woman is blonde, not brunette.)

****here is an example of 1 masculino y singular:

(MICK JAGGER)

Mick es un Senor. El senor es Viejo, no es joven.

****(FOOTBALL PLAYERS) (example of masculino y plural)

Son unos hombres. Los hombres son activos, no son perezosos.

LOOK : REMEMBER: ADJECTIVES change depending on who they describe (alto, alta, altos, altas)

one person IS = ES 2 or more people are = SON
